IEEE-EMBS International Conference on Health Innovations in Point of Care Technology (IEEE HI-POCT) is the premier conference in the areas of Health innovations in point-of-care technologies. In its eighth year, this IEEE EMB Strategic Conference will emphasize funding opportunities and the promise and pitfalls of the journey from idea to patient. The conference will provide a strategic forum where clinicians, industry experts, innovation experts, researchers, and students will examine how to define unmet clinical needs and successfully travel along the innovation cycle toward commercialization and patient impact. Clinical, technological, regulatory, and marketing aspects of this learnable process will be stressed. Expert panels will discuss learnings in the development, translation, and commercialization of technologies and challenges in bringing medical care innovation to community health.

**Importance:** IEEE HI-POCT 2024 will accept 4-page conference Full Papers, 1-page Conference Abstracts for poster presentation, and 1-page Prototype Demonstration Abstracts. Excellent papers (e.g., Best Paper Award candidates) will be invited to present in a special session at the conference. Keynote talks and panel discussions with leaders and stakeholders will address clinical needs, mastering the process of innovation, funding, and individual networking opportunities. In addition, a limited number of poster presentations will be included in the final program.

**Who Should Attend:** All researchers, clinicians, and students engaged in scientific and clinical research on developing and commercializing healthcare applications are invited to attend. All stakeholders in healthcare innovations, delivery, maintenance, services, and management are specifically encouraged to participate in the conference. Industries and businesses dealing with healthcare products, devices, pharma, and payers, along with life-sciences-related sponsoring agencies and foundations, are welcome to participate in the collaborative synergy addressing the future of healthcare innovations and point-of-care technologies in medicine.

We invite 4-page conference Full Papers, 1-page Conference Abstracts for poster presentation, and 1-page Prototype Demonstration Abstracts to be submitted for potential inclusion in the program.

**Conference themes would include a topical coverage of (but not limited to):**

- Global Health and Health Informatics
- Health Technologies for Low-Resource Settings
- Rapid Testing and Molecular Diagnostics
- In Home Diagnostics and Telemedicine
- Mental Health Technologies
- Intelligent Biosensing Technologies
- Translation and Commercialization

**Full Paper (4-pages)**
Submission Opens – May 31, 2024
Submission Deadline – July 19, 2024

**Conference Abstract (1-page)**
Submission Opens – June 21, 2024
Submission Deadline – August 2, 2024
Accept/Reject Notify – August 23, 2024
Final Submission – September 5, 2024

**Prototype Demo Abstract (1-page)**
Submission Opens – June 21, 2024
Submission Deadline – August 2, 2024
Accept/Reject Notify – August 23, 2024
Final Submission – September 5, 2024

**IMPORTANT DATES**
Full Paper acceptance notification – August 9, 2024
Final Submission – August 30, 2024

**All deadlines are 11:59 pm USA (Pacific Coast Time)**

The manuscripts will be accessible to registered attendees only.

Detailed instructions for submissions of papers and abstracts are available on our conference website: [https://hipoct.embs.org/2024/](https://hipoct.embs.org/2024/)
